# RESPONSIBLE

## HOW DO YOU TAKE RESPONSIBILITY?

'Responsible' is one of the VolkerWessels WAVE values

**Taking responsibility calls for safety leadership. This applies to everyone, regardless of your role or position. You can take responsibility in different ways. For example, by:**

Complimenting each other  
on exemplary behaviour

Speaking to colleagues

Reporting exemplary behaviour,  
unsafe acts and/or situations  
and incidents in the WAVE app

Conducting safety inspections  
and Management Engagement  
visits

Participating actively  
in conversations, work  
meetings and daily stands

Thinking about how to  
improve workplace safety

**“I am responsible for my  
own safety and that of  
others”**
